

Book 42 Spending within
your means 12/09/2023

1. Don't let anyone,
not even yourself,
make you spend
out of your means.
It is not easy
but those you associate
with, whether your
children, your wives,
your children's mothers
etc etc, should respect
the boundaries of your
means and expenditures.
If the barriers are
not there, create them
yourself. Especially
as a man living in
these times and
age - for lack of a
better term
